

**Ubunye** is dedicated to providing **educational advancement, opportunities for leadership, life-skills development, mentorship and guidance** to motivated high school learners in the townships of Cape Town: focused on the needs of the learners that we work with.

Run by UCT students, we need YOU to volunteer for these projects:

**TeachOut, Inkanyezi, The Media School and Township Debating League.**

Ubunye operates in 21 schools in Khayelitsha, Gugulethu, Phillipi and Samora Machel with a volunteer base of over 300 local and international students. We offer consistent and committed service to hundreds of learners.

After signing up with a project, volunteers make a commitment for the year. This means going out to your assigned school once a week with your volunteer group, spending the afternoon with learners covering material relevant to your project, and assisting the learners in any other appropriate ways.

## Why should YOU volunteer?

Ubunye offers you a rewarding personal experience, where the work you do is met with real impact in learners' lives

Ubunye gives you the opportunity to work in a hands-on empowerment project with new people and different communities

Ubunye provides a channel for you to fulfill your responsibility to give back to the South African community

For more information or to sign up for a project  
find us on Jammie Plaza during O-week, or email

**teach. learn. mentor. EMPOWER.**

**Inkanyezi.** Volunteers mentor and assist high-school learners in developing concrete post-school plans, researching and accessing opportunities, and developing life-skills such as CV-building. Mentor a small group of senior learners or assist in the InfoCentre.

*Enabling the realisation of potential and the philosophy of Ubuntu in learners of South Africa, towards a better future for all.*

**TeachOut** assists learners in improving their academic performance. Weekly workshops and holiday programs on school-based subjects including English, Functional English, Mathematics, Accounting and Physical Sciences are run to supplement school lessons and give learners any extra help that they need.

To find out more, email [info@teachout.co.za](mailto:info@teachout.co.za)

**Township Debating League** uses debating to teach critical thinking and argumentation skills and to increase learners' knowledge of current local and international affairs. At TDL tournaments, learners have the opportunity to debate against learners from other schools and to test their skills.

**Township Debating League**  
think. listen. respect. communicate.

To find out more, email [info@townshipdebating.org.za](mailto:info@townshipdebating.org.za)

**The Media School** teaches journalism, life-skills and English to high school students in Philippi. Through two curriculums, the basics of journalism and photography are taught to learners who then use these skills to produce their own school newspapers.
